## We're here for you!

All of us are worried about our families, employees, customers, businesses and country.

Although the store is closed, we are here daily to check emails, answer phone calls, return messages, receive freight and continue servicing you to the best of our ability. As the health threat increases, our business is heeding the best advice for extensively and frequently cleaning our store and warehouse. We are limiting personal contact and taking all precautions while doing more business online or by telephone.

Our customers are asking for essential products they need in a time when many are working from home and isolating themselves. If they are quarantined with extended family, they might need extra furnishings or beds. They need desks, chairs, lighting and other furnishings for home offices. If someone in their household is elderly or infirm, they may need lift chairs or beds that can be raised or lowered to help them.

We want to continue providing the furniture Americans believe are essential to their comfort and well-being, especially as they plan to spend more time at home.

Rest assured we are taking all necessary steps to protect essential employees, customers and the public. It is our desire to be here when we're needed. We're here for you!

Sincerely, Bill, Mike and Mollie Graybeal

**da Vinci Surgery**

*Dr. Cly is now scheduling surgeries using da Vinci Surgical System*

Geoffrey Cly, MD, FACOG, OB.GYN  
Medical Director of Robotic Surgical Services

Dr. Geoffrey Cly is Board-Certified and a Fellow of the American Board of Obstetrics and Gynecology with 20 years of experience. He is one of the most experienced da Vinci Robotic, Laparoscopic and Gynecological Surgeons in the Midwest with over 1,000 robotic and over 2,000 laparoscopic procedures successfully performed. His expertise qualifies him to proctor surgeons new to the procedure. He has delivered over 3,000 babies and seen over 100,000 patients in his 20-year career.

If you suffer from chronic pain, heavy bleeding, fibroids, endometriosis, or pelvic prolapse, please schedule an appointment with Dr. Cly. You have options for treatment, and one may be a da Vinci surgical experience.

Compared to open cut (traditional) surgery, da Vinci surgery may offer you:

- ❖ A shorter hospital stay
- ❖ Less blood loss
- ❖ Fewer complications
- ❖ Less need for narcotic pain medicine
- ❖ A faster recovery, able to drive the next day
- ❖ Smaller incisions for minimal scarring

This minimally invasive surgery utilizes advanced, robotic technologies to assist your surgeon with your operation. It does not act on its own and its movements are controlled by your surgeon. This system has a 3D high definition (3D-HD) vision system, special instruments and computer software that allow Dr. Cly to operate with enhanced vision, precision, dexterity and control.

Our region is very fortunate Dr. Cly is local and an expert in the use of this advanced technology now offered at Woodlawn Hospital.
