Murphy Law Group, P.C., formerly Murphy Law Office, is very happy to announce the addition of attorney Crystal A. Sanders. She will replace Daniel P. Murphy, who has left the private practice of law to undertake full-time duties as the elected Prosecuting Attorney for Pulaski County. Ms. Sanders will be continuing the tradition of excellence in legal services you have come to expect from this office.

A 2003 Purdue University graduate, Sanders earned her law degree from Indiana University Law School - Indianapolis in 2007 and began practicing law in 2008. In 2009, she took a part-time position with the public defender's office and opened a private law practice in Tippecanoe County. She was appointed as Tippecanoe County Juvenile Magistrate after Justice Loretta H. Rush was appointed to the Indiana Supreme Court. When given the opportunity to return home to Pulaski County, Sanders welcomed the chance to serve the residents of Pulaski County and work to make the community a safer place for families and children.

All files from the former Murphy Law Office will be in her care and she is available to continue to meet your legal needs as I have in the past. Ms. Sanders is retaining my former staff including my former intern, Justin Schramm, who plans on joining that firm after his graduation from law school in May.

Murphy Law Group, P.C. looks forward to serving the legal needs of the community.

Career Exploration in Preparing for College and Careers

Pam Burger, Middle School Teacher

Students in the eighth-grade and high school Preparing for College and Careers classes are currently writing research papers on a possible future career. Career Interest Inventory tests were taken to identify each student's Holland Personality Code. The students are making use of their iPads to explore their interest area and a particular career from one of the 16 career clusters. Areas to be included in their research are nature of the work, ability and personality requirements, future outlook, and education and/or training requirements. For many students this is their first experience at exploring a possible career for their future.
