Attentive residents help save home from fire

Medaryville Volunteer Firefighters were called to a house fire in the 600 block of Pearl Street in Medaryville on Jan. 31 at 7:45 a.m.

Fire chief Shaun Hauptli said the residents in the house noticed something was wrong with the electric. They then contacted one of the local firefighters who checked the house with an infrared thermal-imaging camera and found a hot spot in the attic. Smoke was also seen coming from the roof of the house.

Firefighters were called to the scene and accessed

the attic by cutting a hole in the roof. They then scooped the smoldering blown insulation from the area. Their quick actions kept the home from any further damage from smoke or water. Hauptli said an overload on the electric could not be ruled out as a cause of the fire.

Although the brutally cold temperatures could cause frostbite in minutes, no injuries were reported at the scene.

Francesville Volunteer firefighters assisted at the scene.

Pulaski County EMS also responded to the scene.
