HERE'S WHAT YOU MISSED IN THIS WEEK'S **PULASKI COUNTY JOURNAL**

Francesville Town Council takes resident's complaints under advisement

Amber L. Tomlinson

A frustrated Francesville resident voiced his concerns during a regular meeting on March 7.

During the meeting, Larry Bachman brought up three issues he thinks needs to be addressed. His concerns included the handicapped-accessible parking in town, garbage in his yard and the alley near his garage not being plowed of snow.

Bachman first addressed the handicapped-accessible parking. He said the painting of the spaces looks great but if there is not a sign posted then the handicapped-accessible space is not up to code.

Water superintendent Greg Stone said there were signs posted but those who were parking in the handicapped-accessible spots hit the poles because they drove in too far.

It was questioned if those parking spots should be changed to regular parking instead of handicapped-accessible parking.

Bachman said there are quite a few handicapped drivers in town and changing the parking spots to regular parking might have a negative impact.

Bachman also questioned why garbage cans are not being closed.

"I'm getting tired of picking up people's garbage out of my yard," Bachman said. "People don't shut their garbage cans and animals are getting into it then it starts blowing."

He said there are a few of his neighbors who are not shutting the lids of the cans. According to Bachman, the towns of Medaryville and Winamac state that the lids have to be closed.

"It seems like we should too and enforce it," Bachman said. "Basically in the summertime, I am picking garbage out of my yard all the time."

Councilwoman Pam Antrim said there are times when residents have so much trash that the lids won't close. Bachman said they should get another garbage can.

Council president Andy Durham said his daughter keeps the lid of her garbage shut but there is a problem with raccoons. He suggested that maybe a live trap is needed because the problem could be animals.

Clerk-treasurer Linda Bennett said she also has a

problem with garbage in her yard. Bennett also said that if a resident wants a second garbage can that they have to purchase it themselves.

In regards to plowing the snow out of the alley, Bachman questioned why it wasn't done this year. He said he uses the alley because he parks in his garage. The garage is accessed from the alley.

"It's a right-of-way. Aren't you supposed to keep the right-of-ways cleared?" Bachman asked.

Durham questioned whether there has been a day this year when the alleys needed to be plowed. He also understands that the alleys are the last places to be plowed.

"When we have had a big snow it takes a day or two for my alley to get done," Durham said. "I don't ask for it to get done but it gets done. If we had done it this time around, we would have been scooping up dirt."

Street superintendent Brad Stevens said alleys are plowed for emergency vehicles. He said the snow didn't stick around too long this year so most of the alleys didn't get plowed. Plowing the alleys would cause more damage than help.

Bachman said he would have missed an appointment at the hospital because the alley was not plowed.

Council members said they would take all the concerns under advisement.

In other business:

- Minutes from the Feb. 15 regular meeting were approved.
- Town marshal Doug Lee gave the council a quote regarding a locker that would hold an extra uniform. He said he looked to see if the school had any used lockers but those lockers are quite small. Durham said he would like to think about it some more. The locker quote was tabled.
- Durham would like to have some speed signs in town. The signs were not used last year, but he would like to see them used in June and July. The company will deliver the signs and pick them up. One of the signs may be placed near the park.
- Stone gave an update on the wastewater project.
- Stevens said he contacted a business about a gas tank that the town would use. To buy the tank the town is looking

at \$2,500-\$2,700. He said he has contacted another company to see what they have to offer.

- Stevens is working on a list of roads that need repair. The top concerns for the council are Gordon and Yellow streets. Durham asked if Gordon Street could be done in sections. Stevens said yes but he would like to see Gordon Street finished to the tracks.
- Durham asked if the sealing of the tennis courts and sealing the park walking track could come from the park budget or if other budgeted money would need to be used. Bennett said funding for the walking trail will come from the park budget. Stevens said there are parts of the walking trail that not only need sealing but also repair or replaced because it is deteriorating. Stevens said he is not sure when the walking trail was sealed last.
- Stevens said the Freightliner semi will need some electrical work.
- Bennett presented an ordinance to the council regarding the establishing of materiality for reporting irregular material variances, losses, shortages and theft. She said the amounts could be changed but it needs to be approved by the beginning of July. Bennett said she will most likely have to form an oversight committee to meet the legislation requirements. Training will also need to be completed.
- Bennett also said the town will be receiving more Local Option Income Tax safety funding. She is not sure how much of a percentage is to be appropriated separately for police and fire.
- Stevens said he would like to see the computer at the water plant upgraded. He would also like to request a computer in the shop. He said it's hard to use a computer when three other people are using it. Durham questioned if the town would like something that can be moved such as a laptop. The computer they have isn't working as quickly as it used to. A motion was approved to purchase two computers for a cap of \$1,000.
- Claims were approved.
