Loving care will be provided for your child.

The fee is on a sliding scale with the top at \$4 per night for full-time enrollment. This includes a snack and craft supplies. Child care will begin soon after school begins. We encourage you to take advantage of this important service.

Concussion/Cardiac Arrest form must also be completed as well as the Drug Consent Form (high school). All of these forms can be obtained on the school website at: [www.epulaski.k12.in.us](http://www.epulaski.k12.in.us), in the high school office or in the athletic director's office.

**Medical Exemption/Religious Objection**

It must state in writing that the child has a medical contraindication to receiving a vaccine and must be resubmitted to the school each year. A true medical contraindications to immunization are vaccine-specific, medical exemptions must be written for each vaccine that is contraindicated. A religious objection must state that the objection to immunization is based on religious grounds. Each objected immunization must be specified. The objection must be in writing, signed by the child's parent, and delivered to the school. There is no requirement of proof. The written religious objection must be resubmitted to the school each year.

#### STUDENT RECORDS, FAMILY RIGHTS, AND PRIVACY ACT

The Eastern Pulaski School Board has adopted a policy to be in compliance with The Family Rights and Privacy Act of 1974. The full text of the policy is available to the public at the Superintendent's Office and all 3 schools in the policy manual. In summary, it states: 1. Student records include attendance records, achievement results, academic grades, general data such as name, address, and telephone, etc. 2. Custodial parents or children over 18 may have access at any time to these records. 3. Permission to release records is always needed except in cases of requests from other school corporations, federal agencies and their local representatives, the Indiana Department of Education, and judicial subpoena. 4. Corrections of said records may occur at any time. In the absence of a formal written request to not release student directory information, implied consent will be assumed. 5. Unless otherwise directed, student photos will be shared with media outlets.

#### STUDENT RANDOM DRUG TESTING

Eastern Pulaski Community School Corporation (Winamac Community High School) has been involved in Student Random Drug Testing, as allowed under Indiana Law, for the past 18 years. We believe this program is a deterrent to student drug usage and demonstrates our commitment to providing a safe, drug-free school environment.

High School students who drive to school and/or are involved in any extra curricular activity are required to be in the “test pool” and are subject to a random drug test. A third category of students is also eligible to be placed in the test pool. Those students who are not involved in Extra Curricular Activities, or do not drive to school, but whose PARENT(S)/GUARDIAN(S) REQUEST THEY BE PUT IN THE POOL, can be added. We feel it would be ideal for all of our students, those required and those not required, to be in the test pool.

If your child is not in Extra Curricular Activities or does not drive to school, but you would like to have him or her in the test pool, or if you would like more information, please call the superintendent's office at (574) 946-4010. Thank you for your support and cooperation.

#### NOTICE TO STUDENTS AND PARENTS- CELLPHONE CONTENT AND DISPLAY

The Child Abuse/Neglect Law requires school personnel to report to law enforcement or child protective services whenever there is reason to believe that any person/student is involved with “child exploitation” or “child pornography” as defined by Indiana Criminal Statutes.

It is “child exploitation,” a Class C felony under I.C. 35-42-4-4(b), for any person/student (1) to exhibit, photograph or create a digitalized image of any incident that includes “sexual conduct” by a child under the age of 18; or (2) to disseminate, exhibit to another person, or offer to so disseminate or exhibit, matter that depicts or describes “sexual conduct” by a child under the age of 18.

It is “child pornography,” a Class D felony under I.C. 35-42-4-4(c), for any person/student to possess a photograph, motion picture, digitalized image, or any pictorial representation that depicts or describes “sexual conduct” by a child who the person knows is less than 16 years of age or who appears less than age 16.

“Sexual Conduct” is defined by I.C. 35-42-4-4(a) to include sexual intercourse, exhibition of the uncovered genitals intended to satisfy or arouse the sexual desires of any person, or any fondling or touching of a child by another person or of another person by a child intended to arouse or satisfy the sexual desires of the child or other person.

The Indiana Sex Offender Registration Statute at I.C. 11-8-8-7 and the Sex Offender Registry Offense Statute at I.C. 35-42-4-11, as of May 2009, requires persons convicted of or adjudicated as a juvenile delinquent for violating the Child Exploitation Statute at I.C. 35-42-4-4 (b) to register as a sex offender.

Because student cellphones have been found in a number of Indiana school districts to have contained evidence of “sexual conduct” as defined above, it is important for parents and students to be aware of the legal consequences should this occur in our school system. - ISBA Legal Services
